PROFILE

Hi, I'm Tushar Mohta, a final-year BCA student with a passion for web development. I specialize in both front-end and back-end, creating cool, interactive designs and animations using GSAP and Three.js. I love turning ideas into engaging, user-friendly web experiences while ensuring functionality and performance. Whether it's coding or crafting animations, I bring creativity and enthusiasm to everything I do.

EDUCATION

M.G.S.UNIVERSITY

Bachelor of Computer Applications (BCA)

PROJECTS

Game 3D Website

An engaging and visually stunning 3D gaming website built to deliver an immersive user experience. Designed with responsive layouts and enhanced with smooth animations, the platform showcases advanced web technologies for interactivity and seamless performance.

Technologies Used:

- Front-end: Vanilla HTML, Tailwind CSS
- 3D Graphics: Three.js
- Animations: GSAP
- Scrolling Effects: Lenis

Employees Management System

A web-based solution for managing employee data efficiently.

Technologies Used:

- Frontend: React.js with Tailwind CSS for a responsive and dynamic UI.
- Database: LocalStorage for offline support and MongoDB for scalable data management.

Key Features:

- Add, update, and delete employee records.
- Real-time search and filtering.
- Role-based access control for secure operations.

A modern, intuitive system for streamlined workforce management.

SKILLS

- **Web Development** : MERN Stack (MongoDB, Express.js, React, Node.js)
- **3D & Animations** : Three.js, GSAP, Lenis, and other animation libraries
- **Programming Languages** : C, C++, Java, JavaScript
- **Front-end** : HTML, CSS, React js, Tailwind CSS, Responsive Design
- **Back-end** : Authentication, Database Management (MongoDB)
- **Other Skills** : Problem-Solving, Debugging, Version Control (Git)

Achievement

- As the team leader at a prestigious college hackthon, I guided and motivated a talented team of four to achieve a remarkable first-place victory. Our innovative "Education" project captivated the judges, showcasing creativity, teamwork, and technical excellence.
- Organized and managed the 'Hack The Future' Hackathon event hosted by B.J.S.Rampuriya College"
